

Bakelite resistivity vs time

G. Belli, P. Vitulo

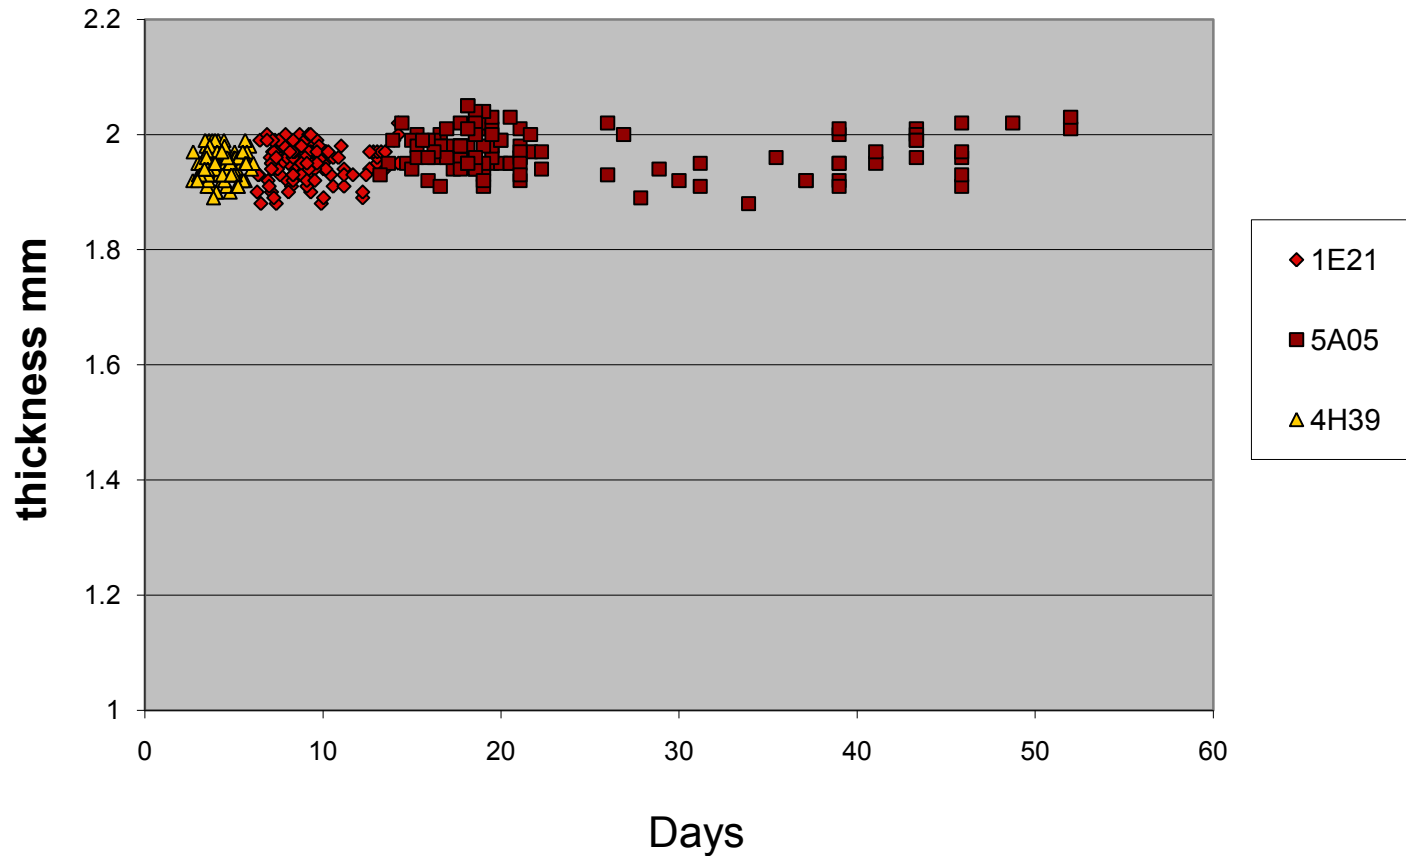

Average Resistivity vs TIME

Percentage Deviation vs Time

Resistivity vs Thickness (3 panels)

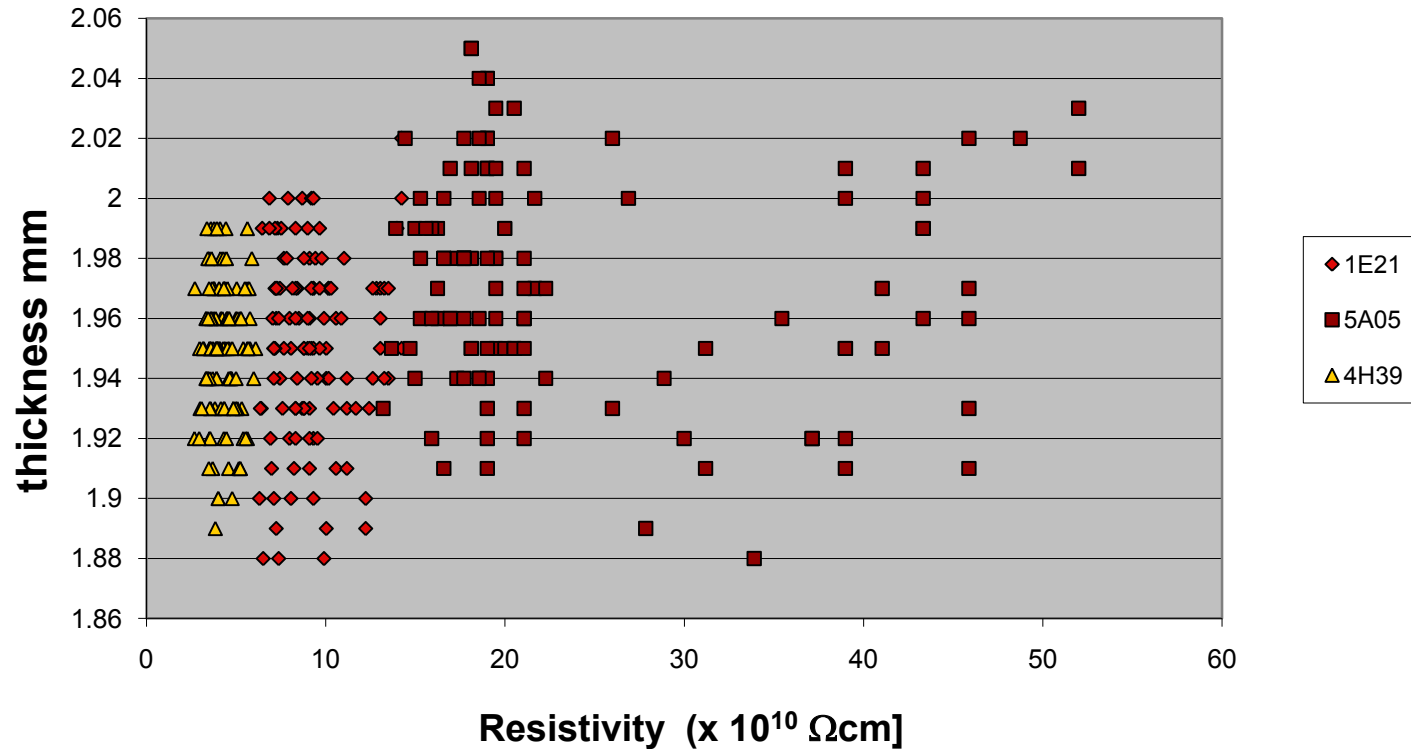

for each panel 32 squares

for each square: 4 thickness and 4 resistivity measurements

for each panel 128 thickness vs resistivity correlations

Resistivity vs Thickness (3 panels)

for each panel 32 squares

for each square: 4 thickness and 4 resistivity measurements

for each panel 128 thickness vs resistivity correlations
