

Foam tank for Tests in Spain July 2016

Ian Crotty

20 April 2016

(x 4) Vessel dia intern 800 mm

Height = 1000mm

Max weight of 15kg

Cone at Base

Handles x2 at top

Lifting hook at top.

Dia 800mm

Height = 1100mm

120mm

Drainage Hole dia 10mm

Calculate cone

http://craig-russell.co.uk/demos/cone_calculator/

Craig Russell Blog

Calculates the measurements for the pattern to construct a flat top cone.

Length A

(mm)

Length B

(mm)

Length C

(mm)

Arc Angle = 348.99 (degrees)

Radius R1 = 5.16 (mm)

Radius R2 = 412.62 (mm)
