Hi,

thanks for following the SL and TS training course this week.

This is the list of trainee:

SLIMOS (Shift Leader):

- Sorina Popescu
- Mauro Donega
- Gianni Masetti

Technical Shifter:

- Daniel Teyssier
- Shimaa AbuZeid
- Ian Crotty

What is still missing is at least one shadow shift with an experienced shifter at P5.

If what you followed was a refresher course, then it's NOT needed to do a shadow shift. For new shifters instead the shadow shift is MANDATORY.

You can choose a time slot (only during the day) in one of the next MWGR (the next one starts the week of Oct 5th): let us know the slot you choose and we will include you in the shift tool.

Thanks.

Cheers,

Gianni for RC
